Dear Mark

When I first spoke to Talk Mobile Solutions our mobile phones were in complete disarray and a constant concern.

We took the decision around 12 months ago to transfer the management of our phones to your company and it has proven to be a very good move.

The high quality of service and support you have provided has made me completely confident that I can leave the maintenance of our mobile communications entirely in your hands. We have a very busy depot here and the time that this has freed is extremely valuable to me.

Thanks for the excellent work.

Yours Sincerely
